

OBJECTIVE

Full-Stack Developer with hands-on experience in React, Next.js, Node.js, and AI-driven applications, focused on building scalable, production-ready web platforms.

EXPERIENCE

Software Development Engineer (SDE) — One Place Solar (CRM Project)	Apr 2026 - Present
- Working on a production CRM using React, Bootstrap, Python (Flask/FastAPI), MongoDB, PostgreSQL - Built and improved core modules; optimized APIs and fixed critical bugs - Collaborated with team/founders; handled deployments and production stability	
Software Developer Intern — One Place Solar (CRM Project)	Dec 2025 - Apr 2026
- Contributed to CRM features, bug fixes, and testing using React & Python stack - Worked on real-world production tasks with the development team	

SKILLS

Programming Languages
JavaScript · Python · Java DSA (Intermediate)

Web & Full-Stack Development:

- Frontend: React.js · Next.js · Tailwind · ShadCN · Bootstrap · React Native
- Backend: Node.js · Express.js · FastAPI · Flask · Auth · RESTful APIs
- Databases: MongoDB · MySQL · PostgreSQL · ORM
- Other Tech: WebRTC (Real-time Video Chat) · WebSockets · AI Models · MVC Architecture
- Version Control & Tools: AWS(basics) · Vercel · Git · GitHub · Postman · CI/CD(basics)

Soft Skills:
Communication · Teamwork · Problem solver · Leadership

EDUCATION

MCA Integrated RBS Management Technical Campus, Agra	2023 - 2028 Current SGPA: 8.5
XII (UP Board) RBS Inter College, Khandari, Agra	2023 Percentage: 81.2%

PROJECTS

- ❖ QRA AI Interviewer Platform

(Live Project)

 - Goal: Developed an AI-driven mock interview platform used by 200+ users with automated evaluation and feedback.
 - Features: Role-based interviews, fresh AI-generated questions, voice interaction, billing, recruiter shortlisting.
 - Tech: Next.js · ShadCN · ChatGPT API · VAPI(voice) · Supabase
- ❖ EYZLearn - Student Learning Platform

(Live Project)

 - Goal: Delivered a subject-wise digital learning platform used by 200+ undergraduate and postgraduate students.
 - Features: Authentication, paid access, PDF & video delivery, cloud storage, admin panel.
 - Tech: Next.js · Neon (PostgreSQL) · Drizzle ORM · Clerk Auth · Appwrite (Buckets) · TailwindCSS · Vercel
- ❖ Toking Allvez - Video Meeting App

(Live Project)

 - Goal: Built a real-time video meeting application with WebRTC-based P2P calls and live chat.
 - Features: Lobby system, mic/camera controls, room sharing, chat history.
 - Tech: React.js · WebRTC · Socket.io · Node.js · TailwindCSS.

MENTORSHIP EXPERIENCE

- ❖ Teaching Experience - 3 Years
- Mentored juniors and peers in programming (C, C++, Java, Python , web dev)
 - Helped peers build projects and understand core concepts

ACHIEVEMENTS / CERTIFICATIONS

- School Topper in XII (UP Board)
- Participated in Cyber Security Workshop (2 Days by Institution Innovation Council (IIC)
- YouTube Channel - Keshav Talk (72K+ Subscribers)
